NLR can provide you with an ongoing lamp management program. We'll make regular visits to all of your facilities, provide packaging, labels, manifests... everything to solve your facility needs.

We'll even provide you with a summary of your volume recycled on a monthly, quarterly or annual basis. Because NLR is not a broker, we provide our own transportation. We can provide emergency service or even a weekend pickup if it is required.

NLR is the first & Only DEP permitted lamp-recycling facility in Connecticut

Custom Containers & Labels:
